

Federal Transportation Funds Benefit Recreation

**Federal Highway
Administration
programs benefit trails.**

U.S. Department of Transportation
Federal Highway Administration

Who is FHWA?

- The Federal Highway Administration (FHWA), part of the US Department of Transportation, provides expertise, resources, and information to improve the nation's highway system and its intermodal connections.
- The **Federal-Aid Highway Program** provides financial assistance to the States to construct and improve the National Highway System, other roads, bridges, and trails.
- The **Federal Lands Highway Program** provides access to and within national forests and parks, Indian reservations, and other public lands by preparing plans, letting contracts, supervising construction, and inspecting bridges.
- FHWA conducts and manages a comprehensive research, development, and technology program.

FHWA Funds for Pedestrian and Bicyclist Projects and Trails

- Pedestrian and bicycle projects are eligible for every major Federal-aid funding category.
- The Federal Surface Transportation Program is the largest single funding source for shared use paths, trails, and related projects in the United States:
 - \$400 million/year for pedestrian and bicycle related facilities; rose to \$564 million in FY 2007.
 - Recreational trails funding rises from \$60 million in FY 2005 to \$85 million in FY 2009.
- Pedestrian Safety is one of FHWA's "Vital Few" priority areas.

Key Programs for Trail Projects

- Federal Lands Highways Program
- Surface Transportation Program
- **Transportation Enhancement Activities**
- Congestion Mitigation and Air Quality
- National Scenic Byways Program
- **Recreational Trails Program**
- Safe Routes to School Program
- **TE and RTP can support Youth Corps**

Federal Lands Highways Program

- Provides access to and within Federal lands.
- Project decisions made by the Federal land management agencies in coordination with local governments.
- Trails are eligible for funding; agencies have put higher priority on highway access and safety projects.
- Increasing emphasis on pedestrian safety.
- See www.fhwa.dot.gov/flh.

Federal-Aid Highway Program Funds for Trails

- **Surface Transportation Program (STP), Congestion Mitigation and Air Quality Improvement Program (CMAQ), Highway Safety Improvement Program (HSIP), and Safe Routes to School (SRTS)**
- Broad range of eligible projects from highway construction to pedestrian and bicycle projects and transportation trails.
- SRTS projects are eligible within about 2 miles of elementary and middle schools, and may include trails.
- CMAQ projects must benefit air quality; may be used as STP in States with no nonattainment areas.

Transportation Enhancements

Transportation Enhancement (TE) activities expand transportation choices and enhance the transportation experience through [12 eligible TE activities](#) related to surface transportation.

Funding: 10% of STP (including Equity Bonus attributed to STP): \$800 million per year (2005-2009).

Transportation Enhancement Activities 12 Eligible Categories

- | | |
|--|---|
| 1) Pedestrian and bicycle facilities | 7) Historic transportation buildings, structures, or facilities |
| 2) Pedestrian and bicycle safety and education | 8) Rail-trail conversions |
| 3) Scenic or historic easements and sites | 9) Inventory, control, and removal of outdoor advertising |
| 4) Scenic or historic highway programs | 10) Archaeological planning and research |
| 5) Landscaping and scenic beautification | 11) Mitigate highway water pollution and wildlife mortality |
| 6) Historic preservation | 12) Transportation museums |

Transportation Enhancements

- Administered by State DOTs. Each State has its own project selection process.
- States requirements may be stricter than the Federal requirements.
- States are encouraged to use Youth Corps.
- Contact your State TE Manager.
- See www.fhwa.dot.gov/environment/te and www.enhancements.org.

How does TE project funding work?

- Project sponsors apply to their State DOT.
- Project sizes vary in each State: some have minimum and/or maximum amounts.
- Reimbursable cost share program (not up-front except for case-by-case working capital basis):
 - 23 U.S.C. 132 allows up-front transfers to Federal agencies.
 - 23 U.S.C. 133(e)(3) has an advance payment option.
- In general: 80% Federal share / sliding scale, with some flexibility (23 U.S.C. 133(e)(5)(C)).

Some TE Issues

- **TE projects must relate to surface transportation.**
- TE has been attacked for diverting the Highway Trust Fund for nonhighway purposes.
- Nothing in Federal law or regulation requires trails to be paved. TE trail projects must meet accessibility requirements.
- Nothing in Federal law or regulation prohibits equestrian use.
- FHWA developed a Framework for Considering Motorized Use on Nonmotorized Trails.
- Project sponsors **must** include various interest groups in the project development process: equestrians and other trail users, historic preservation advocates, etc.
- USDOT encourages States to use Youth Corps on TE projects, but few States use them.

National Scenic Byways Program

- Designates All American Roads and National Scenic Byways: *America's BywaysTM*
- Discretionary program rises from \$26.5 m in FY 2005 to \$43.5 m in FY 2009.
- Funds for designated byways.
- Program info, see www.bywaysonline.org
- Traveler info, see www.byways.org

Eligible Scenic Byways Projects

- Plan, design, develop State byway program.
- Corridor management plans.
- Safety improvements to byways.
- Enhance recreation access.
- Protect scenic, historic, recreation, cultural, natural, archaeological resources adjacent to a scenic byway.
- Develop and provide tourist information.
- Develop and implement a marketing program.

Recreational Trails Program

- Funds to develop and maintain recreational trails for **all** trail uses.
 - Only FHWA program to support routine maintenance
- Rises from \$60 m in FY 2005 to \$85 m in FY 2009.
- Funds distributed by formula to States: see www.fhwa.dot.gov/environment/rectrails/recfunds.htm.
- Represents a portion of the Federal motor fuel excise tax paid by OHV users.
- States solicit and select projects for funding.
- States are encouraged to use Youth Corps.
- See www.fhwa.dot.gov/environment/rectrails.

RTP Eligible Projects

- Maintain and restore existing trails (and bridges).
- Develop and rehabilitate trailside and trailhead facilities.
- Purchase and lease trail construction and maintenance equipment.
- Construct new trails (limits on Federal lands).
- Acquire easements or property for trails (willing seller only: **Condemnation is prohibited**).
- Trail assessments for accessibility and maintenance.
- Trail safety and environmental protection education.
- State administrative costs.

RTP Partnerships

- Each State has a State Trail Committee to assist with the program.
- Committees represent both nonmotorized and motorized recreational trail users.
- The committees help trail groups cooperate and communicate with each other.
- Partnerships lead to better projects, and better maintained trails.

RTP Partnerships

Through the RTP, FHWA works with:

- Federal Interagency Council on Trails.
- National Trails Training Partnership to develop trail training: www.NTTP.net.
- Federal Interagency trail training course.
- National Trails Day – first Saturday of June: see www.americanhiking.org/events/ntd/index.html.
- National Scenic and Historic Trails.
- US Forest Service Technology and Development Centers to provide trail publications to the public: www.fhwa.dot.gov/environment/fspubs/index.htm.

RTP Partnerships

- National conferences for trail organizations.
- US Access Board, US Forest Service, and others to develop trail accessibility guidelines: see www.access-board.gov/outdoor/outdoor-rec-rpt.htm and www.fs.fed.us/recreation/programs/accessibility/.
- OHV, Mountain Bike, and Equestrian groups to develop trail design and management manuals.
- Snowmobile and OHV safety information.
- Coalition for Recreational Trails for the RTP Database: www.funoutdoors.info/rtphome.html.

Who can sponsor an RTP project?

- Federal agencies (restrictions in a few States)
- Tribal government agencies
- State agencies
- Local agencies: county, city, town, township, borough, school, water/sewer district, etc.
- Nonprofit organizations (many States)
- For profit organizations (a few States)
- Project sponsors are encouraged to use qualified youth conservation or service corps.

How does RTP project funding work?

- Project sponsors apply to their State.
- Project sizes vary in each State: some have minimum and/or maximum amounts.
- Reimbursable cost share program (not up-front except for case-by-case working capital basis). **23 U.S.C. 132** allows up-front transfers to Federal agencies.
- In general: 80% Federal share / sliding scale.
 - Flexibilities for Federal agency project sponsors.
 - RTP may match / be matched by other Federal funds.

How do I get funds for my project?

- Contact your State RTP or TE Administrator: see www.fhwa.dot.gov/environment/rectrails/rtpstate.htm or www.enhancements.org.
- Develop a workable, realistic project.
- Get public support.
- Develop funding sources and donations.
- Consider youth corps involvement.
- Youth Corps: seek out project sponsors.
- Develop a good design: consider the trail setting, community benefits, user needs, accessibility.

How do I get funds for my project?

- **Consider potential problems:**
 - Environmental impacts: wetlands, endangered species, archaeological impacts, etc.
 - Permits
 - Public opposition: liability, property rights, safety, environmental impact.
- Complete the project application **completely**.
- If approved, **get to work!**
- Submit an invoice if you want to get paid!

Federal Highway Program Update

The Federal Surface Transportation Program must be reauthorized (or extended) in FY 2009. FHWA is considering input.

- National Surface Transportation Policy and Revenue Study Commission: www.transportationfortomorrow.org/.
- State DOTs; Highway Users; Transit; Rail
- Federal Land Management Agencies
- Other Interests: Air Quality, Bicyclists, Climate Change, Ecosystems, Environment, Freight, Trails

For more information:

- State RTP Administrator contacts: www.fhwa.dot.gov/environment/rectrails/rtpstate.htm.
- State TE Manager contacts: www.enhancements.org.
- National RTP and TE oversight:
